Dear Parents/Carers,

Re: Arbor

It has been a great start to the new academic year, and we are pleased that the roll out of our student information system, Arbor, is proving to be successful.

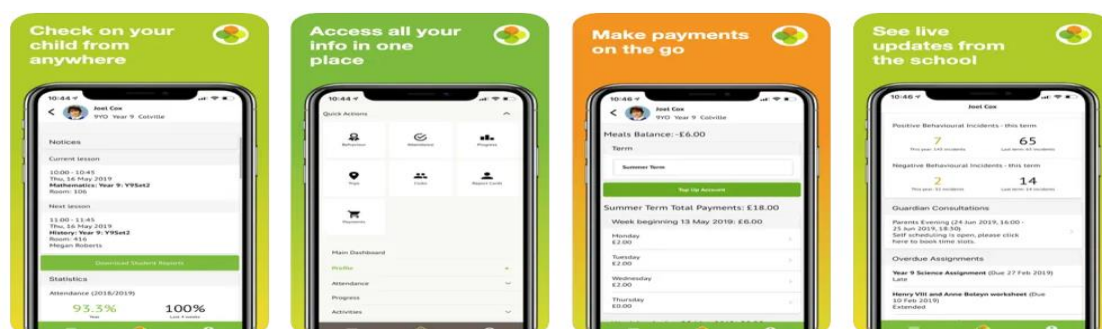

Please may we urge all families to check their emails for the invitation sent to the email address that we have stored for you. If you have not received the email inviting you to join Arbor, please send us your current email address details to: info@woodhillinspire.co.uk / info@rockcliffeinspire.co.uk / admin@foxfieldinspire.co.uk

To finish creating your account you just need to set a password. Your username is the email address we've sent this email to.

Arbor allows us to communicate with you more efficiently through one system and will allow you more control over registering your child for an afterschool club, receiving all letters home and other communications, book parent evenings slots, and manage all payments - all from your mobile phone or computer. You will also have the opportunity to check your child's attendance and, potentially in the future, access information on academic progress and behaviour.

The Arbor App can be downloaded from either the [Playstore on android phones](#) or the [Apple Store on iPhones](#).

We invite you to familiarise yourself by using the link <https://bit.ly/arborparentinfo>

With best wishes

Mr O Phillips
Headteacher
