Dear Parents and Carers,

RE: FareShare Market

Recently, our Friends of Woodhill and staff have been collecting parent and pupil voice on ways they can help improve at Woodhill. Lots of feedback gained was around our FareShare Market on a Friday.

While we understand that it is a staple of our community, we want to ensure that as many people as possible are able to access it fairly.

While we always seek to support our community in any way we can, we would like to remind everyone of the principles of the Fareshare market. The school pays a set fee each year to the Fareshare charity and as a result, we then receive the variety of consumable goods and items which you see on a Friday.

The rationale is then that members of the community pay a fare to receive some of the items and that we hold in mind that we would like everyone to have the option to access the Fareshare market. Please be considerate of others on Fridays and be balanced in what you take and please do continue to support the charity; any funds made that exceed what Woodhill pay for the service go into the school fund and support us to provide prizes and food at other events such as World cafe, the summer and winter fairs.

Please continue to access the Fareshare market and give what you can and take fairly so that as many members of the community as possible can continue to access this provision.

Thank you for your continued support.

With best wishes

Mr O Phillips
Headteacher
